II. General

The CalFresh Restaurant Meals Program (RMP) is an optional county program that allows CalFresh participants who are elderly (60 years of age or older), disabled and/or homeless to use their Electronic Benefits Card (EBT) to purchase prepared or ready-to-eat meals at participating restaurants.

Participation in the RMP is limited to counties authorized by the California Department of Social Services (CDSS) to administer the program. Restaurants interested in becoming an RMP participant must have a Memorandum of Understanding (MOU) on file with the participating county, and must also be authorized by the United States Department of Agriculture (USDA) and Food and Nutrition Services (FNS) as a restaurant meal provider. Alameda County has been an authorized county since 2012 and continues to work with local restaurants to assist our elderly, disabled and homeless participants with food access.
