#### **NEXT HRC MEETING:**

Regular Meeting: Wed. June 22, 2022, 6:30 PM

This is to provide an update and direction for continuing remote meetings while the Governor maintains a state of emergency due to the COVID-19 pandemic.

Background: On September 16, 2021, the governor signed AB361 (attached), which amends the Brown Act teleconference requirements provided certain findings are made by a legislative body. The Alameda County Board of Supervisors (BOS) took action at the September 28, 2021 meeting to continue social distancing at all meetings by the BOS and its committees, as recommended by the attached letter from the Alameda County Health Care Services Agency (HCSA). Per County Counsel, each of the Boards and Commissions created by the BOS should adopt a "resolution" or make similar findings to continue to conduct meetings remotely.

### Section XI of HRC Bylaws – Committee Responsibilities

The staff and the members of each committee will attempt to develop expertise in their area of responsibility. They should develop knowledge of legislation, resources and programs, not only in Alameda County, but in other communities as well. They will serve as a resource to the overall Commission in their subject area. They will have a responsibility for appropriate data collection and for making recommendations in the area of legislation, program development and program implementation. The Commissioners on the committee, with the assistance of staff, have responsibility for all the programs and projects aimed at carrying out the Commission's responsibilities and policies in their subject area.
