Alameda County's Area Agency on Aging (AAA) is housed in the Social Services Agency - Adult and Aging Services department. AAA works with community-based organizations, public and private sector partners, and consumers to provide older adults in the County with services including: Adult Day Care, Family Caregiver Support, Food and Nutrition, Legal Assistance, Senior Information and Assistance, Long Term Care Ombudsman Services, Senior Center Services, and Visiting.

Every four years, the Area Agency on Aging (AAA) produces a Countywide Area Plan for Older Adults, setting goals to make the County as age friendly as possible. Each year during the four-year cycle, the County submits to the state an Area Plan Update (APU), reporting our progress. AAA invites you to a public hearing to contribute your questions and comments about the '23-'24 APU to the 2020-2024 Area Plan.
